

ITEM 4a - Appendix 1

Overview of primary school vacancies in Croydon

The tables below outline the number of vacant school places across Reception to Year 6 in Croydon. These are broken down by Wards and Planning Areas.

Table 1 – total number of primary school vacancies across all year groups – Reception to Year 6.

Table 2 – primary school vacancies by year group

The number of vacancies across Croydon's primary schools can change daily. The vacancies below have been calculated using the Spring 2021 School Census and therefore the data is correct as of 21 January 2021.

Following a drop in birth rate, some planning areas and individual primary schools currently have a higher than necessary number of surplus places. It is important to note that a surplus of between 5% and 10% is advisable to allow for flexibility in the system to respond to parental choice, unexpected changes in demand and pupil movement throughout the year. We are working with schools and academies to facilitate a reduction in admission number/Published Admission Number (PAN) where necessary. To date, 1260 places have been removed across all primary year groups (Reception – Year 6). This reduction has been accounted for in the figures below. As part of the council's school place planning strategy, we continue to liaise and support schools and academies who have a higher than necessary surplus of school places.

Please see the attached supporting narrative for additional information and clarification.

Table 1: Total number of primary school vacancies across all year groups (Reception – Year 6)

Ward	Planning Area	School	Total no. of places (R-Y6)	No. of vacancies (R - Y6)
Addiscombe West	East	Ark Oval Primary Academy	630	62
Addiscombe West	East	Davidson Primary Academy	390	176
