Between 1<sup>st</sup> April and 2 December a further £2,785,137 has been raised by the borough's Community Infrastructure Levy bringing the total to **£7,864,035**

# Community Infrastructure Levy

The Council had a successful result to its submission to the Government to be designated a Growth Zone. It can now focus on prioritising assignment of the Community Infrastructure Levy.

The Infrastructure Delivery Plan will be used as a focus for where the monies to be assigned.

15% of the money raised from Croydon's Community Infrastructure Levy will be spent in specific Places of Croydon (identified in the Croydon Local Plan)

There will be consultation with local communities on what they would like to see this 15% of Community Infrastructure Levy funding spent on.

Future Monitoring Reports will have information on how much each of the 16 Places of Croydon received from the Community Infrastructure Levy
