

Tenant Satisfaction Survey 2025/26

About the Survey

Between June 2025 and March 2026, many of you took part in an important survey. A representative sample of tenants were called and invited to take part in a telephone interview.

The survey was carried out by an independent market research company, Acuity Research and Practice. It focused on how happy you are with the way Croydon Council maintains your home and delivers key services. The survey also collected the Tenant Satisfaction Measures (TSMs) as required by the Regulator of Social Housing.

The findings will provide a view of the main drivers behind satisfaction levels and the issues tenants are most concerned about, informing Croydon Council's future strategic and operational planning.

This report contains key survey results regarding tenants' opinions about their homes and the services received.
