

LONDON BOROUGH OF CROYDON

To: all Members of the Council (via e-mail)
Access Croydon, Town Hall Reception

PUBLIC NOTICE OF KEY DECISIONS MADE BY THE EXECUTIVE DIRECTOR PLACE ON 23 DECEMBER 2015

In accordance with the Scrutiny and Overview Procedure Rules, the following decisions may be implemented from **1300 hours on 5 January 2016** unless referred to the Scrutiny and Overview Committee:

The following apply to each decision listed below

Reasons for these decisions: are contained in the **attached** Part A report

Other options considered and rejected: are contained in the **attached** Part A report

Details of conflicts of Interest declared by any Cabinet Member: none

The Leader of the Council has delegated to the Executive Director Place the power to make the decisions set out below:

EXECUTIVE DIRECTOR'S KEY DECISION REFERENCE NO. : 03/15/PL

Decision Title: Parking Charges 2016 / 2017

Having carefully read and considered the attached Part A report and the requirements of the Council's public sector equality duty in relation to the issues detailed in the body of the report, the Executive Director Place having consulted with the Cabinet Member for Transport and Environment:

RESOLVED:

- 1.1 That charges for Parking Permits identified in Appendix A of the report remain at 2013/14 levels.
- 1.2 That charges for parking bay suspensions, parking dispensations and mobility charges detailed in paragraph 3.13 – 3.16 of the report and identified in Appendix B of the report remain at 2013/14 levels.
- 1.3 Increase charges for Temporary Traffic Management Orders and Special Event Traffic Management Orders detail in paragraph 3.13 – 3.16 of the report and identified in Appendix B of the report.
- 1.4 To continue the first 30 minute free parking policy for district and local centres.
- 1.5 To the introduction of a new linear tariff arrangement for on and off-street parking.
- 1.6 That the proposed changes to parking charges above are as detailed in paragraph 3.17 – 3.24 identified at Appendix C of the report implemented from Monday 1 February 2016.
- 1.7 Authorise the Highways Improvement Manager, Streets Directorate to give the necessary public notice of amendments to the Traffic

Management Orders made under the Road Traffic Regulation Act 1984 (as amended) in order to vary the parking charges, as detailed in the Appendices to the report.

- 1.8 Note that any relevant objections received to the proposed introduction of paid for parking in Brighton Road, Coulsdon and increase in maximum stay for some of the parking bays in London Road, Broad Green will be reported to the Traffic Management Advisory Committee for consideration and onward recommendation as to whether the scheme should be introduced as originally proposed, amended or abandoned.

Scrutiny Referral/Call-in Procedure

1. The decisions may be implemented **1300 hours on 5 January 2016** (5 working days after the decisions were made) unless referred to the Scrutiny and Overview Committee.
2. The Borough Solicitor, Director of Legal and Democratic Services shall refer the matter to the Scrutiny and Overview Committee if so requested by:-
 - i) the Chair or Deputy Chair of the Scrutiny and Overview Committee and 4 members of that Committee; or
 - ii) 20% of Council Members (14)
3. The referral shall be made on the approved pro-forma (*attached*) which should be submitted electronically or on paper to Solomon Agutu and Jim Simpson by **1300 hours on 5 January 2016**. Verification of signatures may be by individual e-mail, fax or by post. A decision may only be subject to the referral process once.
4. The Call-In referral shall be completed giving:
 - i) The grounds for the referral
 - ii) The outcome desired
 - iii) Information required to assist the Scrutiny and Overview Committee to consider the referral
 - iv) The date and the signatures of the Councillors requesting the Call-In
5. The decision taker and the relevant Chief Officer(s) shall be notified of the referral who shall suspend implementation of the decision.
6. The referral shall be considered at the next scheduled meeting of the Scrutiny & Overview Committee unless, in view of the Borough Solicitor, Director of Legal and Democratic Services, this would cause undue delay. In such cases The Borough Solicitor, Director of Legal and Democratic Services will consult with the decision taker and the Chair of Scrutiny and Overview to agree a date for an additional meeting. The Scrutiny & Overview Committee may only decide to consider a maximum of 3 referrals at any one meeting.
7. At the Scrutiny & Overview Committee meeting the referral will be considered by the Committee which shall determine how much time the Committee will give to the call in and how the item will be dealt with including whether or not it

wishes to review the decision. If having considered the decision there are still concerns about the decision then the Committee may refer it back to the decision taker for reconsideration, setting out in writing the nature of the concerns.

8. The Scrutiny and Overview Committee may refer the decision to Full Council if it considers that the decision is outside of the budget and policy framework of the Council.
9. If the Scrutiny and Overview Committee decides that no further action is necessary then the decision may be implemented.
10. The Full Council may decide to take no further action in which case the decision may be implemented.
11. If the Council objects to the decision it can nullify the decision if it is outside of the policy framework and/or inconsistent with the budget.
12. If the decision is within the policy framework and consistent with the budget, the Council will refer any decision to which it objects together with its views on the decision. The decision taker shall choose whether to either amend / withdraw or implement the original decision within 10 working days or at the next meeting of the Cabinet of the referral from the Council.
13. The response shall be notified to all Members of the Scrutiny and Overview Committee
14. If either the Council or the Scrutiny and Overview Committee fails to meet in accordance with the Council calendar or in accordance with paragraph 6 above, then the decision may be implemented on the next working day after the meeting was scheduled or arranged to take place.
15. **URGENCY:** The referral procedure shall not apply in respect of urgent decisions. A decision will be urgent if any delay likely to be caused by the referral process would seriously prejudice the Council's or the public's interests. The record of the decision and the notice by which it is made public shall state if the decision is urgent and therefore not subject to the referral process.

Croydon Council

REPORT TO:	Executive Director Place 17 December 2015
SUBJECT:	PARKING CHARGES 2016 / 2017
LEAD OFFICER:	Jo Negrini, Executive Director of Place
CABINET MEMBER:	Councillor Kathy Bee, Cabinet Member for Transport and Environment
WARDS:	ALL
CORPORATE PRIORITY/POLICY CONTEXT: This report is in line with agreed objectives for parking charges as detailed in: <ul style="list-style-type: none">• The Parking & Enforcement Plan (Parking Strategy & Procedural Guidance – Mayors Transport Strategy and Pricing Policy).• The Croydon Plan; Transport Chapter.• The Local Implementation Plan; 3.6 Croydon Transport policies• Croydon’s Community Strategy; Priority Areas 1 and 3	
FINANCIAL SUMMARY: The proposals which includes reducing parking charges from 40 + to 13 tariffs, reductions in some parking charges and moving to a linear tariff structure will improve the clarity of tariffs for customers and make parking charges consistent throughout the borough.	
FORWARD PLAN KEY DECISION REFERENCE NO.: 03/15/TE	

For general release: This is a Key Decision as defined in the Council’s Constitution. The decision may be implemented from 1300 hours on the 5th working day after it is made, unless the decision is referred to the Scrutiny & Overview Committee by the requisite number of Councillors.

1. RECOMMENDATIONS

That the Executive Director Place having consulted with the Cabinet Member Transport and Environment:

- 1.1 That charges for Parking Permits identified in Appendix A remain at 2013/14 levels.
- 1.2 That charges for parking bay suspensions, parking dispensations and mobility charges detail in paragraph 3.13 – 3.16 and identified in Appendix B remain at 2013/14 levels.
- 1.3 Increase charges for Temporary Traffic Management Orders and Special Event

- Traffic Management Orders detail in paragraph 3.13 – 3.16 and identified in Appendix B.
- 1.4 To continue the first 30 minute free parking policy for district and local centres.
 - 1.5 To the introduction of a new linear tariff arrangement for on and off-street parking.
 - 1.6 That the proposed changes to parking charges above are as detailed in paragraph 3.17 – 3.24 identified at Appendix C implemented from Monday 1 February 2016.
 - 1.7 Authorise the Highways Improvement Manager, Streets Directorate to give the necessary public notice of amendments to the Traffic Management Orders made under the Road Traffic Regulation Act 1984 (as amended) in order to vary the parking charges, as detailed in the Appendices to this report.
 - 1.8 Note that any relevant objections received to the proposed introduction of paid for parking in Brighton Road, Coulsdon and increase in maximum stay for some of the parking bays in London Road, Broad Green will be reported to the Traffic Management Advisory Committee for consideration and onward recommendation as to whether the scheme should be introduced as originally proposed, amended or abandoned.

2. EXECUTIVE SUMMARY

- 2.1 Further to a recommendation from Cabinet at its meeting on 21st September, the Leader has given executive delegated authority to the Executive Director Place, in consultation with the Cabinet Member for Transport and Environment, to undertake the relevant steps to finalize the review of the current parking policy and introduce a revised more equitable parking policy for the Borough
- 2.2 This report considers the Permit, Miscellaneous and On and Off-street Pay & Display Parking Charges to be applied from Monday 1 February 2016. A new parking structure following the principals of linear tariffs for Pay & Display parking is proposed with charges in 30 minute periods for on-street bays and 1 hour for off-street car parks.
- 2.3 The proposals include the charges for all parking permits remaining at 2013/14 levels.
- 2.4 To maximum opportunities for businesses, it is proposed to retain the current 30 minute free parking arrangements in the district centres and local centres. These include Thornton Heath, London Rd (West Croydon), South Norwood, Addiscombe, Cherry Orchard Rd (East Croydon), South End & Selsdon Rd (South Croydon), Selsdon, New Addington, Purley and Coulsdon.
- 2.5 A 2% increase in charges for Temporary Traffic Management Orders is recommended.
- 2.6 The Cabinet Member for Transport and Environment has been consulted regarding the recommendations in this report and she supports the recommendations made.

3. DETAIL

The recommendation in this report follows on from the financial statement report considered by Cabinet at the meeting on 21st September 2015.

- 3.1 In considering the parking charges for the forthcoming financial year, ensuring the expeditious, convenient and safe movement of vehicle and other traffic has been taken into account. The majority of charged parking in the Borough is in on-street parking bays which are shared between Permit holders and Pay & Display users. This maximises flexibility for drivers ensuring that there are opportunities for visitors and customers to local businesses whilst giving priority to resident permit holders. Charges are a necessity in meeting supply and demand so that in general roads and car parks where parking demand is high have higher Pay & Display charges than lower demand areas.

Parking Permits – Appendix A details

Resident and Visitor Permits

- 3.2 It is proposed that the cost of residents' annual permits is unchanged.
- 3.3 It is proposed that the current charges for visitor permits are unchanged. However, from 7 December 2015 a new cashless Residents' Visitor Permit (RVP) has been introduced to replace the scratch card system.
- 3.4 The current administration charge for the issue of new permits (not renewals) is proposed to be unchanged. If a permit is no longer required then a refund is payable based on a proportion of the permit remaining before expiry. It is proposed that the current administration charge for re-funds is unchanged to allow for refund costs.
- 3.5 There is currently a monthly charge for temporary permits in the case where a resident that has just moved to a new address and has not yet been able to provide the relevant documentation that they are living at or the car is registered at the new address. It is proposed that this charge which is close to 1/12 of the annual charge for a permit remains the same.

Housing Estate Permits

- 3.6 It is proposed that the annual charge for Housing Permits is unchanged, although this is under review.

Business Permits

- 3.7 It is proposed that the annual Business Permit charge is unchanged.

Alternative Fuel Vehicles

- 3.8 It is proposed that the cost of permits for businesses that have Alternative fuel vehicles will remain the same. Alternative fuel vehicles include fully electric vehicles emitting 0% CO₂ (as opposed to hybrid vehicles) and those that have been converted to Liquid Petroleum Gas (LPG). Businesses can obtain up to 4 permits.

Doctors' and Neighbourhood Care Permits

- 3.9 It is proposed that the current charges for Doctors Permits and Neighbourhood Care Permits are unchanged.

Charity Permits

- 3.10 It is proposed that the current charge be unchanged in line with Resident Permits. The definition of a charity is that it must be registered and the permit is to enable the charity to carry out its day to day work rather than to provide convenient low cost parking for commuters working at the charity.

Drivers with Disabilities

- 3.11 It is proposed to continue the arrangements for providing free parking for drivers with disabilities at Croydon Council controlled car parks and on the highway.
- 3.12 Companion Badges are available for disabled Blue Badge holders who prefer not to risk leaving their blue badge in their vehicle especially when parking for long periods such as within a disabled bay outside their home. It is proposed that the current charge for issuing companion badges is unchanged.

Miscellaneous Parking Charges – Appendix B

- 3.13 There are various charges which Croydon impose for parking bay suspensions and the creation of Traffic Management Orders for Special Events.
- 3.14 It is proposed to freeze the charges for residential and commercial suspensions and dispensations.
- 3.15 Parking Services charge for Temporary Traffic Management Orders (TMOs) mainly for statutory undertakers who may have to close a road in order to inspect or divert an underground utility. The charge covers the costs for Highways staff who meet with the contractors and Police to determine the necessary measures for the temporary TMO and Parking Services who draft the TMO and publish the notices. It is proposed to increase the current charge by approximately 2%.
- 3.16 It is proposed that the charges for the Shopmobility Scooter Rental operation from the Whitgift Centre Car Park are unchanged. This operation provides customers with restricted mobility opportunity to use the shopping facilities in Central Croydon. Currently the scheme operates between 9am and 5pm, Monday to Saturday and between 11am to 3pm on Sundays. It is proposed to amend the opening days to Tuesday to Saturday.

On and off-street Parking Charges – Appendix C

- 3.17 It has been six years since the council last carried out a comprehensive review of how it delivers parking services and, since then, the context within which parking operates has changed significantly with the introduction of new legislation and technology. We also have a number of different charges across Croydon and we want to make this simpler. A fair parking policy is intended to provide a consistent and fair approach across the borough, in a cost-effective way, while complying with the legal duties placed upon it to protect people's rights to use and enjoy the highway.
- 3.18 As part of the parking review it is proposed to introduce a linear tariff for on and off-street parking. A linear tariff whereby there is a set rate for 30 minutes parking depending on the location of the road or car park will be far more simple to understand rather than the current individual charges for different time periods. Most charges have remained unchanged over the last 6 years.

- 3.19 In September 2014 cashless parking in the form of 'Pay by phone' method was rolled out for both on and off street parking as an alternative method to Pay & Display. Labels on the machines display the number to call to register for payment via credit card. Currently the Council absorbs the fee imposed by the Pay by phone company. In the long term it is hoped that more drivers will use this method of payment to reduce the need for so many Pay & Display machines and the costs involved in collecting cash as well as the high rates of theft and vandalism. There is currently a pilot within the East Inner Zone whereby approximately 30% of Pay & Display machines have been bagged (in the Spring of 2015) in order to access the effect of removing machines. So far there has been a positive response to the reduced number of machines and it is proposed to roll out this to the rest of the Borough. Removing machines will require amended signage to ensure that drivers are directed towards the remaining machines.
- 3.20 In October 2011 parking charges were amended in the section of the London Road between West Croydon Station and Sumner Road to assist the businesses who were affected by the disorder in August 2011. It is proposed to retain the existing free parking for the first 30 minutes parking (with a ticket) for these 2 hour maximum stay Pay & Display only bays to encourage customers to shop locally in order to help businesses. For consistency and to avoid driver confusion it is proposed to increase the two sets of one hour maximum stay bays in London Road between Sumner Road and Midhurst Avenue to 2 hours maximum stay matching the existing bays towards West Croydon.
- 3.21 On 7 January 2014 parking charges were amended in South End and Selsdon Road to help support local businesses by encouraging short term parking. It is proposed to retain the current free for the first 30 minutes rate to support the local businesses.
- 3.22 On 10 December 2015 parking controls in Fairholme Road and Midhurst Avenue within the North Permit Zone of the Croydon CPZ were increased from 9am to 5pm, Monday to Saturday to 8am to 8pm, Monday to Sunday. This followed a petition from residents who requested evening and Sunday controls due to the difficulty in finding space mainly due to the number of new residential developments along the London Road where residents in the majority of addresses are unable to obtain permits due to planning restrictions. It is proposed that the same rate per 30 minutes is used as the 8 hour roads so that the maximum charge is £9.60. It is proposed that Sunday rates will match those in the Central Zone.
- 3.23 There are a number of one hour maximum stay bays in local and district centres designed specifically to increase the turn over of parking spaces and therefore improve parking availability for local businesses. In order to encourage customers to these areas it is proposed to continue with free parking for the first 30 minutes in all of these bays. The charges for up to 1 hour are proposed to increase by 10p. District centres with these bays include South Norwood, Thornton Heath, Purley and Coulsdon. Local Centres include Beulah Hill, Cherry Orchard Road, Lower Addiscombe Road, Addiscombe, Brighton Road (South Croydon), Selsdon and Old Lodge Lane (Purley).
- 3.24 On 20 October 2014 the Traffic Management Advisory Committee recommended a report (minute A37/14 refers) on a one hour free pilot study for the on-street Pay & Display bays in Lower Addiscombe Road, Addiscombe and Central Parade Car Park and service road. The pilot study was taking place between 1 December 2014 and 28 February 2015 but following a Parking Charges report considered at the 3 March 2015 Traffic Management Advisory Committee meeting (report A12/15 refers) this pilot

continued confirmation of new parking tariff as detailed in this report. Under the parking review it is proposed that the bays should revert to 30 minutes free parking and paid for parking up to one hour to ensure there is consistency for all district and local centers in the Borough.

- 3.25 Similarly there are existing 1 hour free bays in Coulsdon district centre and mainly along the Brighton Road. Pay & Display machines issue free 1 hour maximum stay tickets for this parking. This is an historical arrangement dating back to when the Brighton Road was part of the Transport for London Road Network. In order to manage the use of the 1 hour free parking, ensure a turn-over of parking spaces and to ensure consistency across all district and local centers across the Borough as part of the parking review it is proposed that the bays should be amended to 30 minutes free parking and paid for parking up to one hour maximum.

4 CONSULTATION

- 4.1 In accordance with section 46A of the Road Traffic Regulation Act 1984 the recommendations in this report relating to any changes to parking charges will be published in a local paper (Croydon Guardian) and London Gazette for a minimum of 3 weeks prior to the changes taking effect.
- 4.2 The legal process for amending the free 1 hour parking in Brighton Road, Coulsdon to charged for parking and amending the maximum stay for Pay & Display parking in London Road requires that formal consultation takes place in the form of Public Notices published in the London Gazette and a local paper (Croydon Guardian). Although it is not a legal requirement this Council also fixes street notices to lamp columns in the vicinity of the proposed scheme and writes to occupiers who are directly affected to inform as many people as possible of the proposals.
- 4.3 Once the notices have been published the public has 21 days to comment or object to the proposals. If no relevant objections are received, subject to agreement to the delegated authority sought by the recommendations, the Traffic Management Order is then made. Any relevant objections received will be reported to the Traffic Management Advisory Committee for a decision as to whether the scheme should be introduced as originally proposed, amended or abandoned. The objectors are then informed of the decision.
- 4.4 Official bodies such as the Fire Brigade, the Cycling Council for Great Britain, The Pedestrian Association, Age UK, The Owner Drivers' Society, The Confederation of Passenger Transport and bus operators are also consulted under the terms of the Local Authorities' Traffic Orders (Procedure) (England and Wales) Regulations 1996. In addition there may be further consultation to other bodies depending on the relevance of the proposals.

5 FINANCIAL CONSIDERATIONS

5.1 Revenue and Capital consequences of report recommendations

	Current Financial Year 2015/16 £'000	M.T.F.S – 3 year Forecast		
		2016/17	2017/18	2018/19
		£'000	£'000	£'000
Revenue available				
Budget				
Income	(3,880)	(3,880)	0	0
Effect of Decision from Report				
Income	(150)	(850)	0	0
Remaining Budget	<u>(4,030)</u>	<u>(4,730)</u>	<u>0</u>	<u>0</u>

5.2 The effect of the decision

5.2.1 The cost of advertising the variation to the Traffic Management Order for the parking charges and amending Pay & Display charges has been estimated at £12k. This cost can be contained within the available revenue budget. The new charges are expected to deliver an additional full year effect of £1m of income; £150k will be delivered in the 2015/2016 financial year due to implementation that is due to be delivered by February 2016.

5.3 Risks

5.3.1 Risks that need to be considered include the following:

- Present economic climate leading to fewer vehicles visiting the Borough and therefore a reduction in income.
- Customers using competitors privately operated car parks, the retailers and activities in other adjoining Boroughs and therefore reducing revenue.
- The methodology used for financial forecasting not being suitable and therefore income levels being less than expected.

5.3.2 These risks are not controllable by this Council and as such can only be monitored for impact.

5.4 Options

5.4.1 There are many combinations of tariff changes possible, all of which carry different levels of risk.

5.4.2 The option that has been chosen is that which officers believe will minimise risk to income, reflect inflationary changes, and changes in the Borough such as new developments and closure of main businesses.

5.5 Savings/ future efficiencies

5.5.1 A linear tariff structure will enable a simpler revision for future years.

5.5.2 That if any additional surplus is generated by the efficiencies in simplifying the tariff it will be allocated to transport related cost.

5.6 Approved by: Louise Lynch, Finance Business Partner, Place Department

6. COMMENTS OF THE COUNCIL SOLICITOR, AND MONITORING OFFICER

6.1 The Solicitor to the Council comments that the notice of variation of off-street and on-street parking charges are given under Section 35C and Section 46A respectively of the Road Traffic Regulation Act 1984 (as amended).

6.2 The Solicitor to the Council further comments that to incorporate a charge for Brighton Road Coulsdon and the increase the maximum stay for Pay & Display users in London Road, it is necessary to amend the Coulson (Free Parking Places) (Limited Time) (No.1) Traffic Order 2007 and The Croydon (North) (Parking Places) Traffic Order 2008 No.49 under the Road Traffic Regulation Act 1984 (as amended). This involves the giving of public notice and the consideration of any material objections that may be received. This statutory procedure must be followed before this TMO is amended.

6.3 The Local Authority has power to determine the amount charged for parking and parking permits. Charges can be made for securing the 'expeditious, convenient and safe movement of vehicular and other traffic (including pedestrians) and the provision of suitable and adequate parking facilities on and off the highway' having regard to:-

- the desirability of securing and maintaining reasonable access to premises;
- the effect on the amenities of any locality affected and the importance of regulating and restricting the use of roads by heavy commercial vehicles, so as to preserve or improve the amenities of the areas through which the roads run;
- the national air quality strategy;
- the importance of facilitating the passage of public service vehicles and of securing the safety and convenience of persons using or desiring to use such vehicles; and
- any other matters appearing to the local authority to be relevant.

6.4 Case law has confirmed that Council's should not seek to make a profit or create a surplus when setting the charges. A surplus is an excess beyond the amount required for purposes of parking regulation detailed in 6.3.

6.5 Approved by: Gabriel MacGregor, Head of Corporate Law on behalf of the Council Solicitor and Monitoring Officer.

7. HUMAN RESOURCES IMPACT

7.1 The increase in parking charges should not affect staffing levels within Parking Services.

7.2 Approved by: Adrian Prescod, HR Business Partner, for and on behalf of Director of Human Resources, Chief Executive department.

8. EQUALITIES IMPACT

- 8.1 Purley MSCP is covered by CCTV security cameras and other surface car parks are regularly patrolled by security and parking staff aiming to meet requirements for improved security particularly relevant for vulnerable people in the community.
- 8.2 Registered disabled drivers will be able to continue to benefit from free parking in all the Council's on and off-street pay and display parking places and on yellow line waiting restrictions both in Croydon Town Centre and District Centres for up to 3 hours.
- 8.3 Parking Services operate a Shopmobility Centre for people with disabilities based at the Whitgift Car Park.
- 8.4 An initial Equalities Impact Assessment (EqIA) has been carried out and it is considered that a Full EqIA is not required. Disabled blue badge holders will continue to be able to park free of charge and for unlimited time on the on-street Pay & Display bays and the Council's public car parks.

9. ENVIRONMENTAL IMPACT

- 9.1 The Mayor for London's Transport Strategy and the Council's interim Transport Plan/Local Implementation Plan are aimed at encouraging more use of public transport and other more sustainable travel modes as alternatives to progressive increases in car use. The excessive use of cars is considered to be detrimental to the environment by producing undue traffic congestion and pollution with disadvantages to all, including motorists and the local economy.
- 9.2 The proposed new linear parking charging structure is aimed at continuing to work towards the above sustainable objectives and also balancing the measures implemented with the needs of the local economy.

10. CRIME AND DISORDER REDUCTION IMPACT

- 10.1 There are no crime and disorder reduction impacts arising from this report.

11. REASONS FOR RECOMMENDATIONS

- 11.1 The recommendations are for no increases for permit and most miscellaneous charges except for Traffic Management Orders. A new linear parking tariff structure is proposed for Pay & Display parking which will be clearer to the public..

12. OPTIONS CONSIDERED AND REJECTED

- 12.1 Inflationary increases in all permit charges were considered but rejected due to the current uncertain economic climate. Emission based permits in line with the DVLA data were considered but rejected.
