	<p>The Parking Enforcement Programme (PEP) provided a framework for parking services following the collapse of the outsourcing exercise in 2007. A detailed plan was formulated to ensure the continued function of the Service. This three stage plan is the PEP.</p> <p>In developing the PEP, all aspects of the parking service have been challenged in order to improve efficiency and ensure that resources and assets are used effectively. Priorities have been reviewed to focus on the core business of the Council.</p> <p>The PEP sets out a 3 phased approach to achieve and sustain high business performance. This includes investing to rebuild the service and managing to high performance standards.</p>
